PRAJWALKUMAR MADIWAL

AI/ML & Full-Stack Engineer | Final-Year B.E. Computer Science

Bengaluru, Karnataka, India • pkm.digi@gmail.com • linkedin.com/in/prajwalkumarm • github.com/Prajwalkumar-1906

PROFESSIONAL SUMMARY

Final-year Computer Science Engineering student with hands-on experience in AI/ML and full-stack development, building intelligent, data-driven applications. Proficient in Python, machine learning, explainable AI (SHAP), fairness-aware modelling and modern web technologies. Delivered end-to-end projects in AI-powered placement prediction, bias mitigation and real-time expense settlement. Strong problem-solving, product-oriented mindset, hackathon achievements, technical community leadership and public speaking.

TECHNICAL SKILLS

Languages: Python, JavaScript, SQL, C
AI & Machine Learning: NumPy, pandas, scikit-learn, PyTorch, TensorFlow, OpenCV, Hugging Face Transformers, LangChain, Prompt Engineering, Explainable AI (SHAP), Fairness-aware ML (Fairlearn), Regression, Classification, Clustering
Full-Stack Development: React.js, Next.js, Node.js, Express.js, REST APIs, HTML5, CSS3, Tailwind CSS
Databases & Caching: PostgreSQL, MongoDB, Redis, MySQL / MS SQL Server
DevOps & Tools: Git/GitHub, Docker, CI/CD (GitHub Actions), AWS basics, Postman, Jupyter
Core Computer Science: Data Structures & Algorithms, OOP, DBMS, OS, Computer Networks

WORK EXPERIENCE

AI Intern | ABB, Bengaluru **(Sep 2026 - Present)**

- Contribute to AI/ML solutions for industrial use cases, data preprocessing, EDA, and ML model development.
- Explore integrating AI into industrial workflows for process optimisation; collaborate with cross-functional teams to evaluate technical approaches.

AICTE Trainee, AI & ML | Karnataka Social Service Trust (NGO), Remote **(Sep 2026 - Present)**

- Applied machine learning and data engineering practices to community welfare analytics initiatives.

KEY PROJECTS

PlaceWise: Explainable & Fair Campus Placement Predictor **| Python, XGBoost, SHAP, Fairlearn, Optuna, Streamlit, scikit-learn, pytest**

- Built leakage-free stratified pipelines on hybrid Kaggle + synthetic bias-injected dataset.
- Implemented SHAP per-student breakdowns and counterfactual explanations; audited gender/college-tier fairness using Fairlearn with ExponentiatedGradient mitigation; 80%+ test coverage.

Chukta: Smart Group-Expense Settlement Platform **| Next.js, TypeScript, Node.js/Express, PostgreSQL, Redis, Socket.IO, Docker**

- Settlement engine with greedy max-heap + bitmask-DP optimal debt minimization; stores currency as integer paise.
- Socket.IO real-time sync load-tested with k6; offline-first PWA; AI chatbot with function calling; tested with fast-check and Playwright in CI.

AI Interview Coach with Real-Time Feedback **| IN PROGRESS**

- Interactive multimodal interview prep platform analyzing answer coherence, technical depth, and response pacing.

EDUCATION & CERTIFICATIONS

B.E. Computer Science & Engineering – Rajarajeswari College of Engineering (RRCE), Bengaluru (2023-2027) • CGPA: 7.7/10

Senior Secondary (XII), Science – Tungal PU College, Vijayapura (2021-2023) • 82%

Certifications: Anthropic (AI Fluency), Google (Gemini Enterprise Application, Fundamentals of Digital Marketing), NVIDIA (AI on Jetson Nano), Oracle (Cloud Infrastructure OCFA)

ACHIEVEMENTS & LEADERSHIP

- **Top 5 of 30+ teams** at Coding Ninjas Vibe2ship Hackathon (Community Hero platform).
- **Runner-up, TechPitch at RRCE** (SMS Payment System).
- **Marketing Head & Community Manager, Dream Den Club:** Organised GenAI workshop for 100+ students; led 12-member team

for inter-college B-plan competition with 300+ participants.
• **Volunteer:** One World One Family (Sathya Sai Mission, coordinated Rs. 50,000+ local education drives) and Annapurna Trust.
